WORCESTER, MASS.

Offer to the public the most complete assortment of Goods, in all departments, to be found in any Store in New England.

The very large increase of our business has considerably reduced the PER CENTAGE of our expenses. While the same cause, with our increased facilities in other respects, enables us to import a far greater proportion of our Goods, than heretofore, and, by bringing both Domestic and Foreign productions directly from the manufacturer to the retail purchaser, to save to the customers the two or three profits, usually paid by the consumer.

We design that our customers shall not only find Goods at the lowest prices, but always meet with respectful treatment, and fair dealing.

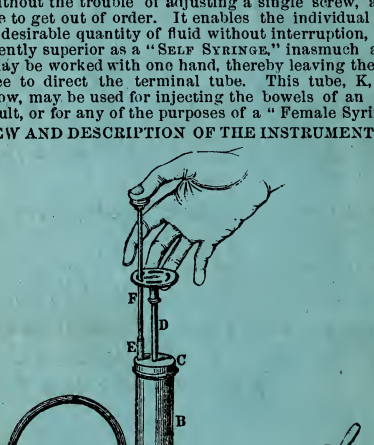
DR. MATTSON'S
Pocket Injecting Instrument,

REGISTERED FOR A PATENT.

This instrument is considered a desirable improvement upon the Family Syringe originally introduced by the writer, and which was so highly recommended by eminent physicians, as Dr. John C. Warren, of Boston, and Dr. Valentine Mott, of New York. It is extremely portable, and may be carried in the pocket, as its name imports. It is ready for use at any moment, without the trouble of adjusting a single screw, and is not liable to get out of order. It enables the individual to inject any desirable quantity of fluid without interruption, and is preeminently superior as a "SELF SYRINGE," inasmuch as the piston may be worked with one hand, thereby leaving the other hand free to direct the terminal tube. This tube, K, L, as seen below, may be used for injecting the bowels of an infant or an adult, or for any of the purposes of a "Female Syringe."

VIEW AND DESCRIPTION OF THE INSTRUMENT.



A, Base, connected by a screw, and resting in a basin or vessel. It contains a cavity and valve, through which the fluid in the vessel is drawn into the barrel. B. Barrel. C, Cap. D, Piston. F, Piston standard, inserted into the socket E. G. Elbow. H, Flexible Tube. I, Short metallic coupling. J, Terminal metallic coupling, containing a cavity and valve. K, L, Terminal or injecting tabe, connected with J by a screw.

BUSINESS NOTICE. Dr. MATTSON would inform the trade

and the public, that orders for his POCKET INJECTING INSTRUMENT, together with his illustrated Manual containing full directions for the employment of injections in various diseases, will receive prompt attention if directed to his General Agent, MARK WORTHLEY, 185 Washington Street, Boston. The instrument may be sent in any direction by express.

SILVER PLATED INSTRUMENTS, suited to nitrate of silver solutions, furnished to order. Also an extra FEMALE TUBE, of a new material, superior to ivory. Price 37½ cents. The instrument, however, is complete without it. The extra tube may be sent in a letter without additional postage. Three-cent postage stamps may be forwarded through the mail for this tube in the place of silver. All orders should be prepaid.

EDUCATION.

The Schools in Worcester have long been noted for their excellence, and the facilities for education here are ample for all classes. Our

PUBLIC SCHOOLS,

thirty-three in number, commencing with the Primary, where children four years of age may commence with the alphabet, and closing with the Classical and English High School, in which instruction is given by accomplished teachers in all the higher English branches, as well as the Latin, Greek and French languages, to all who wish, and are able to pass the high standard of examination prescribed by the School Committee. These schools are in session from 40 to 44 weeks in each year, in three terms, commencing on the second Monday in January and May, and the first in September. Besides these, there have for many years been established the YOUNG MEN'S WINTER SCHOOL, for apprentices and others who labor during the Summer; and FREE EVENING SCHOOLS, for the instruction of adults and others of both sexes in all the branches of an English education.

If through the exceeding strictness of the rules adopted by the School Committee, or the inconvenience caused by the location of the schools nearly all on one side of the centre and a majority of the children on the other, any are deprived of instruction in the public schools, numerous

PRIVATE SCHOOLS

of every grade are open for their reception, at prices corresponding with the branches of learning taught in them. Among the more prominent of these are Mr. Bent's "SALISBURY MANSION SCHOOL," Lincoln Square; Miss Bigelow's "BOARDING AND DAY SCHOOL," in Union Block; Mr. Thayer's "ORead INSTITUTE," on a romantic eminence west from the City Hall; the WORCESTER ACADEMY, in charge of Mr. Avery, and Mr. Eaton's COMMERCIAL INSTITUTE, in the Bank Block—all of which are boarding schools of high grade, and receive many scholars from abroad.

The Catholics, besides contributing largely in scholars to the public schools, sustain a private school under Mr. Fitzgerald, on Temple street, and send some of their children to the

COLLEGE OF THE HOLY CROSS,

on Mount St. James. The principal edifice of this institution was destroyed by fire in 1852, but is in process of rebuilding on an enlarged scale. Rev. Ignatius T. Ciampi is President; Rev. P. Blenkinsop, Vice President; and Rev. K. A. Kennedy, Professor of Natural Philosophy. For professional education, we have the

WORCESTER MEDICAL INSTITUTION,

whose showy edifice, on Union Hill, is seen from all quarters. Here thorough medical instruction is given by a full board of Professors, on the Eclectic plan,—commencing in March annually. Hon. Sullivan Fay, President; Wm. Bush, Esq. Secretary.

Among our educational facilities, we must not omit to mention

THE WORCESTER LYCEUM,

which sustains a Course of Lectures, each winter, and furnishes the use of a Library of 1500 volumes through the year, for a trifling annual sum. Henry Chapin is President; Thomas Earle, Secretary; Charles White, Treasurer; Mrs. J. Wood, Librarian, 1 School St.

WORCESTER CO. MECHANICS ASSOCIATION.

This Association also provides a Course of Lectures each winter, and the use of its valuable Library of about 1000 volumes, to its members. Henry S. Washburn is President; Samuel Smith, Secretary; E. Sargent, Librarian, No. 237 Main St.

YOUNG MEN'S RHETORICAL SOCIETY.

This is an Association for mutual improvement, by debates, composition, reading, &c. The Society has been incorporated, and has a Library of over 200 volumes. C. Jillson, President; Eli B. Fairbanks, Vice President; C. M. Boswell, Secretary; S. P. Sibley, Librarian.

YOUNG MEN'S LIBRARY ASSOCIATION.

This Association, chartered in 1853, has made a very creditable commencement in supplying a much needed place of profitable resort for the young men of our city. Its rooms, Nos. 19 and 20 Bank Block, Foster St., are open daily from 10 A. M. to 10 P. M., where a choice selection of newspapers, periodicals, &c. await the perusal of its members, at the trifling cost of 1,00 per year. The Library, containing about 1300 volumes, is open twice a week. The officers are, Francis H. Dewey, President; Geo. W. Bentley and Wm. Cross, Vice Presidents; Geo. F. Hoar, Cor. Secretary; Nath'l Paine, Rec. Secretary; Henry Woodward, Treasurer; and John Gray, Librarian; Martin Stowe, Jos. H. Walker, T. W. Higginson, Jos, Mason, A. L. Burbank, John C. Otis, Daniel Tainter, Dwight Foster, Wm. A. Smith, J. CEMETERIES.

The HOPE CEMETERY, purchased in 1851, by the City Fathers, has been laid out in part, and dedicated by appropriate services for use as a "city of the dead." Its beautiful location and fine natural advantages, with the good taste thus far exhibited in preparing it for use, have rendered this an attractive place of resort for citizens and strangers; and it will be more and more visited as it becomes better known. Persons who wish may secure lots by purchase, at a low price; while ample provision is made for the accommodation of families not wishing to purchase, without charge.

Of the RURAL CEMETERY, on Grove Street, nothing need be said here. It is managed by a Board of Trustees, consisting of L. Lincoln, President; Geo. T. Rice, S. Salisbury, H. W. Miller, and F. W. Paine. C. Harris is Clerk, and S. Jennison, Treasurer.

THE WORCESTER CHILDREN'S FRIEND SOCIETY.

The object of this Society, is to "rescue from evil and misery such children as are deprived of their natural parents." A comfortable Home has been provided on Pine Street, by the liberality of the late Hon JOHN W. LINCOLN, where children are received, and provided for, until homes are found for them in suitable families. MRS. J. M. Miles, is Superintendent; Miss Tamerson White, Matron.

PARLEY'S

Celebrated Cabinet Library.

20 Beautiful Volumes—500 Admirable Engravings, Nearly 7000 Pages.

BY HON. S. G. GOODRICH,

A Gentleman who, as Peter Parley, has made his name a household word in two hemispheres.

BIOGRAPHICAL DEPARTMENT.

Famous Men of Modern Times.	Lives of Benefactors.
Famous Men of Ancient Times.	Famous American Indians.
Curiosities of Human Nature.	Lives of Celebrated Women.

HISTORICAL DEPARTMENT.

American History.	African History.
European History.	History of American Indians.
Asiatic History.	Customs of American Indians.

MISCELLANEOUS.

Glance at the Sciences.	Book of Literature.
Wonders of Geology.	Enterprise and Art of Man.
The Animal Kingdom.	Customs of Nations.
Glance at Philosophy.	World and its Inhabitants.

These popular Books are a LIBRARY IN THEMSELVES. They contain the rich ore of THOUGHT and FACT, dug from a thousand mines of literary treasures, purified from the dross of dullness, and melted into precious ingots. They embrace the most important subjects in History, Biography, Science, and Art, so judiciously arranged, well condensed, and clearly expressed, as to be equally profitable to young and old. Mature and well educated minds will find a comprehensive treasury of knowledge, while children of good capacities can easily understand these attractive volumes.

One of the objects of Mr. Goodrich was to make useful subjects attractive. His plan has been to present general outlines and important and attractive points, leaving dull details to be acquired from text books, after the curiosity has been awakened. Every page of the Library is as interesting as the best novel, and at the same time full of valuable information. Those who open a volume will read, and all who read will gain knowledge.

Mr Goodrich's admirable skill in selecting and arranging the material facts and principles of his subject, may be illustrated by his Life of Washington and of Bonaparte in the first volume of the Cabinet, which comprise, in two or three hours' reading, all that is essential in the corresponding works of Bancroft and Scott. When it is considered that Bancroft's Life of Washington, and Scott's Life of Napoleon, cost as much as Goodrich's whole Cabinet Library, and when the time and labor of reading is taken into the account, it will be obvious to every intelligent reader, that the Library is a possession to be desired by EVERY FAMILY and SCHOOL DISTRICT in the land.

Plain cloth, red muslin and sheep binding.

Published by W. J. REYNOLDS & CO., 24 Cornhill, Boston; and for sale by the Booksellers generally.

The object of this Press is to emboss your Business Cards or address on Checks, Bills of Exchange, Letter Heads, Envelopes, Orders, Deeds, Bills of Lading, Notes, Receipts, Labels, &c., &c. It is used with greater ease and less consumption of time than any other Press before invented. It is also an additional SAFE-GUARD to prevent forgery, and a very convenient and economical way to circulate your business cards.

The construction of the Press is light, elegant and durable, and far surpasses the old cumbersome Screw and Lever Press generally used. Its weight is only two pounds, and can be sold complete, with a seal of fifty letters, for **FIVE DOLLARS.**

Designs and over Fifty Letters, Extra.

The above Press has been purchased and is now in constant use by many of our Bankers, Merchants, Mechanics, Notaries Public, &c., &c.

The impression is obtained by a quick, firm blow of the hand on the top of the piston, which gives instantly to paper, a chaste, beautiful impression in RELIEVO, thus baffling the efforts of the most adroit counterfeiter.

231 MAIN STREET, WORCESTER.

Constantly on hand and for sale, a large and beautiful assortment of the most desirable patterns to be found in the market, comprising the complete varieties manufactured by the Bridgeport and Stamford Foundries, consisting in part of

The Patent Air Tight Coal Burner.

4 sizes, from 10 to 16 in. Cylinders. This stove is constructed on the most scientific principles, and will consume its own smoke and gas, making a saving of 40 per cent. over any other stove in use. Its radiating qualities are unsurpassed, and the fire only needs replenishing once in 24 hours.

THE "PARLOR GRATE."

This is a very chaste, neat, and elegant parlor ornament. The carving is of an entirely new design, and finished in the highest grade of art. As a beautiful and convenient coal burner, it is giving the fullest satisfaction.

THE BANNER COOKING STOVE,

For burning either wood or coal. This stove is now in use in a large number of families, and receives, where used, the most enthusiastic praise. It has the best baking oven of any stove extant, and needs no more fuel for baking than for ordinary cooking purposes.

The Connecticut Stove.

This is a very large oven stove, and second to no other cooking stove. The mechanical construction of the stove is peculiarly adapted to make all branches of cooking easy. The plates to this stove are of uniform thickness, thereby securing a perfectly even bake, and avoiding any liability to crack.

RIP VAN WINKLE.

This is an unique and novel parlor stove, for either wood or coal. "On the different plates are very ingeniously carved illustrations of Irving's famous legend of the Kaatskills. This beautiful stove tells the tale not less truthfully and beautifully, than does the elegant and chaste style of its illustrious author.

THE NEW REPUBLIC.

This Stove has been in use for more than eighteen months, has been subjected to the most rigid tests, and received the unqualified approval of thousands.

As a Cooking Stove for either coal or wood, it has no superior.

Haynes' Patent Tubular Elevated Oven Range.

This Range is constructed on the strictest scientific principles, with the idea of performing all its offices in the most perfect manner, with the least possible fuel, and possesses merits far surpassing any range ever before offered. It is so constructed, that the same fire that cooks the dinner and bakes the bread will warm the parlor or dining room; this too, without transmitting any of the fumes from the culinary department.
